Emerging voices

Plenary

Presentation

Building on last year's success with a new "Emerging Voices" session, we will be showcasing two new speakers this year. Emerging voices provides a platform for newcomers and early career members of our community to share their stories, insights and expertise. This initiative aims to showcase fresh perspectives, encourage early career voices, and foster diversity of thought within our community.

Our speakers this year are Ana Rodrigues Cavalcante and

Piper Fowler-Wright - see <https://rsecon25.society-rse.org/emerging-voices/> for details

AGM

The 2025 Annual General Meeting of the Society of Research Software Engineering will be held at 17:00 – 18:00 on Wednesday 10th September 2025 in room OC1.05, University of Warwick, Coventry, CV4 7AL, UK as part of RSECon25.

The purpose of the AGM is for the trustees to update the Society's members on what we have been doing this year to develop the Society and further our shared aims, and for members, to vote on specific resolutions and to have the opportunity to ask questions and raise topics for future consideration. No member resolutions have been put forward to be voted upon during the AGM but we will be announcing the election of new trustees as described below.
